Beconfident Teeth Whitening Touch-Up Pen 2 ml

120298

The Beconfident Touch-Up Cleaning Pen is suitable for cleaning your teeth on the go or when you need a quick whitening top-up. The teeth whitening pen removes stains from coloured food, tea, coffee, red wine and smoking. The Beconfident pen is applied to the teeth using the inbuilt brush making it the perfect whitening tool to target and remove stains from between teeth. Beconfident's peroxide-free teeth whitening pen is perfect for helping to maintain whitened teeth after using a Beconfident Teeth Whitening Kit or to use alongside all other Beconfident whitening treatments. Targeted teeth whitening for a beautifully enhanced whiter smile.
