Beconfident Multifunctional Whitening Toothpaste Extra Mint Multi-Pack of 3

BCBDL017

Beconfident Multifunctional Whitening Toothpaste in Extra Mint has been developed together with world-leading dentists to be the most complete teeth whitening toothpaste on the market. In addition to whitening teeth, it protects against cavities and plaque, strengthens the gums and removes stains and discolourations. Also available in flavours: Acai+Mint, Coconut+Mint, Strawberry+Mint and Sensitive Mint. In order to guarantee that Beconfident Multifunctional Toothpaste is safe and effective, we conducted a clinical study over multiple weeks. The study was performed in accordance with the guidelines for good clinical practice and ADA guidelines for testing toothpaste and teeth whitening products. Beconfident Multifunctional Whitening Toothpaste contains a mixture of fluorine, potassium nitrate, calcium phosphate, zinc, white carbon and calcium peroxide to provide the user with the best possible oral care.

This Multi-Pack of 3 tubes of 75 ml is great value and will last you a while.
