SIMPLESMILE® Teeth Whitening X4 Expert Kit + X4 Expert Refill

SSBDL008

Expert Kit is a complete teeth whitening kit for effective at home teeth whitening – quickly, easily and gently. Expert Refill complements the Expert Kit. You receive a total of 20 ml of teeth whitening gel (10 ml in Expert Kit + 10 ml in Expert Refill) for use together with the included mouth trays which are mouldable using hot water.

The gel contains several active ingredients, including PAP, Sodium Bicarbonate and Coconut Sulphate that work together to effectively clean and whiten teeth. PAP is an organic ingredient that results in a high degree of oxidation. Oxidation is necessary for the whitening process because it neutralises organic bonds that cause discolouration in the teeth.

Expert Kit and Expert Refill teeth whitening gel is 100% peroxide-free, no irritations or other unpleasant side effects in teeth or gums.

Technical

Country of Origin: Sweden
